LIGHT PLOT

Scale: 1/4" = 1'-0"

Paper size: 11x17

ID: THORN MICHAELS 10/4/2015

NOTES

- + Grid height is 12'-6"
- + Please take note of low support beams that divide the grid - bottom height is 11'-1"
- + Actual lighting inventory exceeds what is drawn. Please see lighting paperwork package for full inventory
- + Any changes to repertory plot must be restored, including focus and color
- + There are four sets of black legs, stage left and stage right as well as white curtains that will fully surround the space - a full black surround is possible but requires the transfer of the black velour legs to the carriers of the white curtain. So black legs **or** a black surround is possible, but not both.
- + **Either** a full black surround is possible **or** a full white but you can not have both in one evening.
